Songs Details: THE STORM Bluegrass-country-folk singer-songwriter Liz Meyer, backed by Emmylou Harris, Bela Fleck, Jerry Douglas, Sam Bush, Ron Block, Stuart Duncan, Rob Ickes, Glen Duncan, Byron House, more. "Liz's songs are nothing less than soulful." (Buddy Miller, songwriter, guitar player) "Killer songs, wonderful voice, players to match." (West of Center, USA) "Delicious backup, but it is Meyer who is in complete control here, delivering a batch of intriguing originals, each one an effective vehicle for her distinctively husky voice." (David Royko, Chicago Tribune) "Honesty and passion. These are the hallmarks of any great music. These are also the qualities that stand out in Liz's work as a writer and performer. The world could use a whole lot more of what Liz has got." (David Olney, singer-songwriter) "The STORM is outrageously good, and for me has the perfect balance (of tempo and genres). An album like this makes the job worthwhile." (Don Chisholm, UK radio) "Liz is fearlessly honest, and a true pioneer among women in bluegrass." (Kate MacKenzie, Grammy-nominated singer) "Describing a remarkable songwriter like Liz Meyer simply as a bluegrass artist is like calling a tsunami a wave." (Music Mirror, USA)
