Origen aka Will Stanton delivers clever, insightful, emotional rhymes that weave seamlessly through Toronto beatmaker Adept's dark, intricate compositions. 13 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: East Coast Details: The new full length album from Origen aka Will Stanton has just been released on his own label, Strike Two Records. Throughout the fourteen new tracks, Origen weaves clever, insightful, emotional rhymes through the dark, intricate compositions of Toronto beatmaker Adept. The Pittsburgh emcee delivers deeply personal and intensely focused offerings, all of which can read like letters to specific unnamed recipients. The production perfectly compliments the narration, at times borrowing the spotlight, but all the while crisply augmenting the raw passion conveyed through the lyrics; helping to create a collection of songs that can be felt as well as heard. The chemistry between Origen and Adept makes "Letters" a must-own for aficionados of thoughtful, head-nodding hip hop. This record is unique because it's not a typical hip hop CD. There are no battle raps, no braggadocio, no aimless freestyles, just focused, intense, topical songs that come together to create a complete album, rather than merely a collection of tracks and skits. The lyrics can be read as letters written to people, hence the title. Perfect for fans of Rhymesayers, Def Jux, Ninja Tune, Deepspace5, etc, Origen also fits right in with the indie rock and emo/punk/hardcore scenes. A former bassist in Tabula Rasa (One Day Savior Recordings / featured on Deep Elm Records' Emo Diaries compilation series), jazz radio disc jockey at WDUQ-FM, show promoter and tour manager, Origen aka Will Stanton is an independent DIY-style artist who recognizes the importance of community and who needs the support of the people who enjoy his music.
