The group felt a common goal to play original Latin music for the people would set them apart from other bands. Under the guidance of bandleader/songwriter/bassist Frank Lizarraga and Israfil Records (now, Lovetaxi Productions), the group started recording and within months signed a distribution deal with Luna Records of Los Angeles and were releasing records to Spanish and English markets and radio stations. Two songs; BABY, I LOVE YOU and OH LITTLE GIRL received extended airplay in California, Arizona, New Mexico and Texas. Their 12 single IM SO CRAZY FOR YOU was well received on both the West East coasts and in Europe. Their cumbia LA CITA and ranchera SOY COMPESINO received airplay on regional national Spanish radio stations. The group has opened for Tierra, Los Lobos, Jorge Dalto, Francisco Aquabella and Los Tigres Del Norte. After ten years of performing at night clubs, Lowrider shows, gran bailes, and music festivals the band disbanded to pursue solo projects and would regroup to participate for special events and studio projects. Recently, a few SUENOS songs have shown up on classic hit albums like, LOST CHICANO OLDIES, Vol. 1 (#3001) and PURA AZTLAN CHICANO CLASSICS, Vol. 1 (#1001). Currently, Lovetaxi Productions has remastered reissued 11 songs on a CD HOLLYWOOD GIRL and more Chicano Soul by SUENOS (CD-411) and plans are in the works to reissue an CD of 30 plus songs in Spanish including sessions with other artists, in early 2007.
