I write about being open to experience new things. Think about a Mayfly. If you had one day, what you do, who would you be with and where would you be? My artistic influences are Cat Stevens, Johnny Cash, Ray Lamontagne, Damien Rice, Tracy Chapman, Alicia Keys, Radiohead, Einaudi, David Gray, Jeff Buckley, Jamie Cullum and Elliot Smith. These are the people who have given me the most energy to compose. My album Perception is about getting away from the temptation to be superficial and to not be fooled by the media and drawn into materialistic nothings. To find the most satisfaction in being around those you love. Its all about going somewhere new in your mind or literally - to explore new cultures and places. A verse from my song To Be Inspired is: I want to run from here find a new forgotten place cause I feel this one has lost the point I want to be inspired Bella x
