For some time Exwookie (founder of Sonic Trip biggest polish drum&bass project) has planned to rock the polish club scene, but the lack of a feminine element prevented it It arrived just after a phone-call (we want tell you this story as its too long). That led to an idea and soon, action followed. When the name Audio Dealers was coined, there was no doubt that it will be used. Audio Dealers is active since July 2007. It is a musical couple, Exwookie and Lollie Dill. He a founding father of Sonic Trip, she - former Radio Gra employee, now composer and singer. So far the duo has produced around 15 tunes, some of which were featured on a promo single. Control is the name of their first tune, and also the promo single. Currently Audio Dealers, Break The Box, N.kick, Chris Starkilla and Blaze are active in the label. 2008 started quite nice for Audio Dealers.
