Hot R&B/Soul flavored with a gospel influence. 15 MP3 Songs URBAN/R&B: R&B Pop Crossover, URBAN/R&B: Soul Details: When you turn on a Jamie Sparks track, the music will immediately begin to release tension in the neck shoulders. As if someone were giving you a luxurious massage, the mellow tones can smooth out any uptight or anxious feelings. The tempo, chords and melodies were specially crafted and purposely designed to make you feel good. Singer/Songwriter/Producer Jamie Sparks has been blazing trails within the industry for years. From Cherry Brook, Nova Scotia he's traveled throughout North America touring and recording. No stranger to awards Jamie has received the Montreal's Jazz Festival's Award of Excellence, the Professional Publishers and Songwriter Award, Winner of two ECMAs, 2 ANSMA Awards and a Juno Nomination. The Jamie Sparks album "Fun Tonight" with tracks recorded at P.Diddy's "Daddy's House" (Bad Boy) Recording Studios in NYC, has sold thousands of copies and yielded four music videos. The hot new single " ALL I NEED" from his upcoming New Album "IT'S The MUSIC" has won an ECMA Urban Single Recording of the Year 2007. He also won another ECMA for African-Canadian Recording of the year 2007 His music has most recently been heard on the Fox Network shows 24, CUTS on UPN, WILDCARD on Global and THE LIFE on ESPN. Jamie's new CD "It's The Music" fully displays his unrestrained talent as a singer, songwriter, producer, and musician. Gospel influenced Soul/R&B with an old school flavor, this CD contains a broad collection of contemporary songs. The first track ALL I NEED gently ignites the listeners attention with the smooth electric piano leading into the song. It quickly gets moving as the bass starts pumping on tracks like GONNA GET DOWN(Remix). Another gem on the CD is the soulful ballad MY HOME. This song describes Jamies return to Nova Scotia from the hectic pace of New York City to reunite with family friends. With Jamie on all instruments including a smooth bass guitar, and lending that gospel touch with

the Hammond Organ, he is able to create a very moving vibrant picture through song. Its The Music can be listened to and thoroughly enjoyed from top to bottom. It really is all about the music!
