Although there's nothing quite like standing there in the front row, this album offers a hardy serving of Mark's roots- based, energy- charged Americana. The songs are real and honest. The band is tight and happy. You can almost hear everybody smiling. 13 MP3 Songs in this album (50:53) ! Related styles: COUNTRY: Americana, COUNTRY: Alt-Country People who are interested in Steve Earle Fred Eaglesmith James McMurtry should consider this download. Details: Mark Jungers writes and sings about the type of human condition that is the true reason this country is able to stay on the course of greatness. Hes got grease on his hands and dirt and blood on his shirt. He connects. And that is what music is supposed to do. Mattson Rainer, PD, KNBT, New Braunfels, TX Imagine Neil Young with a sense of humor or Jay Farrar on antidepressants... welcome to the world of Mark Jungers, my favorite songwriter. Jeremy Halliburton, KTXN, Victoria, TX Mark Jungers with his solid Midwestern roots has an ability to put perfect little pictures of life and all its many detours and dead ends into songs. Hes like that really funny friend with those great stories except he sings them, a great act, a great writer, and a cool guy. Bruce Price, KNON, Dallas, TX
