A beautiful, breathtaking, romantic, soulful collection of deeply melodic original light classical instrumental music. Features some of Chicago's finest orchestral players . 9 MP3 Songs in this album (37:56) ! Related styles: CLASSICAL: Mozart, CLASSICAL: Orchestral People who are interested in Wolfgang Amadeus Mozart Johann Strauss II should consider this download. Details: People often ask is Voices Volume 1 choral music. NO, Voices Volume 1 NOT Choral music. It is simply, intensely melodic and beautiful, original, instrumental music, performed by a live fifty piece orchestra, consisting of some of Chicagos finest symphony players. Voices Volume 1 is not a collection of boring, meandering songs, that ramble on endlessly. These songs are easy to listen to. Theyre catchy, memorable, almost addictive melodies, that sound as if theyve been around for centuries. The record is named after the voices, or music, that lives in Michael Reillys head. Hence, writing beautiful melodies, comes quite naturally to him, and as a result, his music is quite diverse, stylistically. Voices Volume I is published world wide in sheet music form, and was featured regularly on WNIB (one of Chicagos recently retired classic radio stations). In fact, the entire record was featured in an hour long artist spotlight interview. If youre a lover of beautiful music and melody in the light classical genre. If you are looking for something different and original than you should add Voices Volume I to your collection. It is truly music for the soul. Enjoy! P.S. Even though he has voices in his head, Michael Reilly M.D. isnt all that crazy. He has not led an unexamined life, however. He grew up as one of seven in Hoffman Estates, IL. His talents have allowed him to grow and learn as Rock musician, turned Nashvillian song writer, turned medical doctor, turned classical composer, turned best selling childrens author (see Xlibris for details).
