Sumptuous and gentle music on fiddle and uilleann pipes from two of Ireland's best traditional musicians
15 MP3 Songs WORLD: Celtic, FOLK: Traditional Folk Details: Chosen as the NO.1 ALBUM OF 2003 by Earle Hitchner in the Irish Echo. 'Kitty Lie Over' is already widely regarded as one of the classics, an enduring and defining album in its field. Featuring two of Ireland's best loved traditional musicians, this gentle music on uilleann pipes and fiddle has become indispensable to fans of Irish music all over the world. The warm and mellow music draws inspiration from Sliabh Luachra's heritage, fiddle and pipes melting together to create an aural treat, a feast for the ears. The fact that there is no accompaniment seems to give this album an especial appeal, the laidback ease of these two masters at work creating the illusion of calm. Guaranteed to please!
