Ron J. Brown possesses honesty and candor, and it's that openness that sets Ron apart from his musical peers. Because of the hardships he has endured and the hurdles he has had to jump, and mountains he was made to climb, Ron brings a special intimacy and determination to whatever he writes and sings. This is apparent on his debut prophetic album, "Godality" a production of (God Logic Gospel Entertainment), that has been a long time in the making for this former secular R&B songwriter/ artist who has weathered many personal and ministerial storms to bring the Body of Christ as well as world this special collection of urban styled gospel music.
