Seasoned Greetings brought me a fantastic listener reaction. I recommend this new CD most emphatically! -Joe Franklin How did this album come about? Well...people kept demanding one. So with Christmastime just around the corner, Kevin Ray, a singer/songwriter/server decided to write a dozen new songs for the holidays. The incredible waitstaff learned the tunes, recorded them, played the instruments everything, even the artwork, was designed and executed by the talented bunch. And in just six weeks time from concept to final product, Jeffrey Simno, producer-extraordinaire, guided this family of super-stars to their first album release ever! "Most people take a year or more to do what these guys have done in just six weeks!" -Disc Makers The CDs are flying off their shelves (or out of their aprons); but rather than braving the New York crowds or risking a sell-out when you eat-in, order your CD now at no extra cost.
