Traditonal Irish music in the style of The Clancy Brothers and The Wolfe Tones, with a youthful edge. 14 MP3 Songs FOLK: Traditional Folk, ROCK: Acoustic Details: How about a taste of BOSTON IRISH! For ten years now The Fenian Sons have been delivering traditional Irish music with a modern edge to the New England area. Having started at 16 as schoolmates in a small kitchen in Roslindale, MA, The Fenian Sons have grown into one of Boston's most lively and well known Irish bands. The "Sons" as they are sometimes called, have put a more energetic twist but have held fast to the tradtional tunes made famous by The Wolfe Tones, Clancy Brothers and Paddy Reilly to name a few. With their first cd "Live" under their belt, and their latest studio recording "Uphill Fight" they indeed are making their mark everywhere. If you haven't seen them or heard either cd...make it a point. You won't be sorry.
