

Mp3 The Pulltops - As Seen On Tv

[DOWNLOAD HERE](#)

70's influenced album rock. Raw, emotional, dark, moody, rockin', all rolled up in a collection of well crafted 3 minute pop songs. 11 MP3 Songs ROCK: 70's Rock, ROCK: Classic Rock Details: The Pulltops 2004 release, As Seen On TV, is an excellent follow-up to their debut album, 8-Track. They still manage to keep their 60's and 70's influence while sounding fresh and new. This album, however, has more of a focus on the 70's side of rock. The songs are slightly darker than the polished pop of their first release. This album sounds more mature and more developed. Have no fear, The Pulltops don't stray too far from the well crafted 3 minute pop song. The songs on this CD have a distinct pop feel on the surface, but put forth more attitude and feel than their first release. As Seen On TV has the makings of an excellent sophomore album.
