## Mp3 Various Artists - Strange Thoughts - A Tribute To Camouflage

## DOWNLOAD HERE

Electronic synthpop music at its best. Paying tribute to one of Synthpop's greatest band ever. 13 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Industrial Details: fame in the 80's can claim continued sustenance throughout this new century and, like fine wine, only get better with time. Camouflage is one of those bands. Synthphony Records is proud to release this second volume of modern electropop acts covering classic Camouflage. All of the bands featured in this collection were specifically hand-picked from around the world and invited to participate in this project because of their commitment to quality and strong sense of melodic song structure. Covers from !distain, Ncor, Days of Fate, New Concept, Neues Kombinat, F.P., Colony 5, Backlash, Lowe, The Promise, Absorber and Celluloide.
