Since the age of 7, when Veronica began singing Mariachi style music at her family's restaurant in the San Fernando Valley, CA she has performed around the world at cultural events, fairs, festivals, rallies, corporate functions and private parties. In 2007, Veronica added an Inspirational Tour to her repertoire of singing, songwriting, and acting. Her appearances, which typically consist of Veronica singing her original songs, accompanied by live music and a multi-media presentation, have become popular with Christian churches during their weekend services, and with their women's groups of adults and teenagers. During her engagements with civic organizations, in addition to her musical presentation, Veronica uses humor, music, heartfelt stories, images captured on video, and her own personal experiences to explore family, women's roles, and a variety of other issues that cross the boundaries of gender. To coincide with this Tour, Veronica has combined her musical talent with inspirational and spiritual thoughts to create songs for a new CD, set for release later this year. Her music continues to get airplay on well over 100 radio stations in the United States and Mexico, Italy, Canada, Australia and Asia.
