Diverse roots-one from Texas, one from the heart. Philip Rodriguez, after living his whole life in Houston, is a singer-songwriter who thought he knew Texas until he moved to the Bay Area in 2000. Philip's first CD album, River Through the Sun, tells the story of his life in the South. Another CD, Youth, Innocence and Pain, is beautiful and wistful, described by some as dark but actually filled with light, particularly in Philips master finger-style guitar work. Philip has enjoyed live and CD airplay on many California stations, including KPIG, KPFA, KZSC, KUSP, KKUP, and the syndicated show FolkScene (folkscene.com). Listen to Colins original music at ColinCarthen.com His sound is somber and soulful; sad and yet, still uplifting. --4HORSEMEN Records Colin is amazingtotally amazing. --Dans Diatribe Philip and Colin met at Espresso Garden in 2004. Each saw the others brilliance but their styles came from different musical roots. They found their common chord with vocal harmonies, guitars, mandolin and violin. With influences ranging from Townes Van Zandt, Tracy Chapman, Jeff Buckley, Ramblin Jack Elliott, early Bob Dylan, late Johnny Cash (American Recordings), The Soggy Bottom Boys (from O Brother Where Art Thou), their sound is unique--both driving and flowing. They come together as WITH RIVER to create a brand new style of folk music that appeals to the angst of a younger generation and the wisdom of generations past. The combination of Colins soulful vocals and Philips roots-style guitar break down cultural barriers and win over the hearts and minds of fans of all ages and colors. With River has performed live on KPIG, KUSP, KKUP, and KZSU. Listen to With Rivers songs at WithRiver Check out their debut CD, With River, June 2006 release!
