

Paul For Everyone: 2 Corinthians - N. T. Wright

Making use of his scholar's understanding, yet writing in an approachable and anecdotal style, Tom Wright helps us to understand from the beginning of the second letter to the Corinthians that something unexplained yet terrible has happened. We feel the pain of Paul from the very opening lines as he confronts dreadful issues of sorrow and hurt, emerging with a clearer picture of what it meant to say that Jesus himself suffered for us and rose up in triumph. The letter itself moves through tragedy and from there leads into the sunlight. Tom Wright has undertaken a tremendous task: to provide guides to all the books of the New Testament, and to include in them his own translation of the entire text. Each short passage is followed by a highly readable discussion, with background information, useful explanations and suggestions, and thoughts as to how the text can be relevant to our lives today. A glossary is included at the back of the book. The series is suitable for group study, personal study, or daily devotions. Author: Wright, N. T.
