

Law, Crime And English Society, 1660-1830

[DOWNLOAD HERE](#)

This book is an invaluable account of crime, law, and society in eighteenth-century England. This book examines how the law was made, defined, administered, and used in eighteenth-century England. A team of leading international historians explore the ways in which legal concerns and procedures came to permeate society and reflect on eighteenth-century concepts of corruption, oppression, and institutional efficiency. These themes are pursued throughout in a broad range of contributions which include studies of magistrates and courts, the forcible enlistment of soldiers and sailors, the eighteenth-century 'bloody code', the making of law basic to nineteenth-century social reform, the populace's extension of law's arena to newspapers, theologians' use of assumptions basic to English law, Lord Chief Justice Mansfield's concept of the liberty intrinsic to England, and Blackstone's concept of the framework of English law. The result is an invaluable account of the legal bases of eighteenth-century society which is essential reading for historians at all levels.
