SPOKEN WORD: Comedy, EASY LISTENING: Mood Music Details: A truly unique and distinctive Musical Greeting card site, anote4you offers the freshest, most original Musical Greetings available on the internet and has also developed technology for delivery on the PHONE! Star Route LLC, the crew behind anote4you, is an unstable stable of Grammy and Emmy Award-winner/nominated music, television and film professionals. From the beginning, our goal was to create the ultimate one-stop (one-click?) card shop, stocked with colorfully twisted messages for every holiday, announcement and event. As the concept snowballed, big name stars began lending their voiceover talents alongside professional celebrity impersonators. The result is a Musical Greeting roster of over 1,000 singular tunes. Traditional subject matter like birthdays, wedding announcements and holidays are joined by such oddball fare as "Ferocious Halitosis", the curious "Sound of Mucus" and the absurdly wicked "You Don't Take A Shower Anymore". anote4you continues to change and grow, but we will always keep our two objectives in mind. First, to offer a wonderful treasure trove of intelligent, quick-witted Musical Greeting cards covering every subject from good friends to good riddance. Second, to share our good fortune with philanthropic organizations that need our help. For every dollar earned through our cards, baskets, CDs and other merchandise, anote4you contributes to worthy causes ranging from disease research and the homeless to animal rights and our environment.
