

Mp3 Bullet Daze - Bullet Daze

[DOWNLOAD HERE](#)

Electronica landscapes with rock elements. The album has many different moments: chill, dark, lounge, pop. It's almost like a soundtrack to an unknown Tarantino film. Or, as the drummer put it, "Portishead meets Duran Duran meets spy movie." 10 MP3 Songs in this album (43:59) ! Related styles:

ELECTRONIC: Electronica, POP: with Electronic Production People who are interested in Massive Attack Portishead Zero 7 should consider this download. Details: It all started with Zero 7 Michelle Koterba was auditioning for my current band. I was the singer, but I was told I wasnt doing a very good job of it. Yeah whatever. In all honesty, her audition was futile. The band was looking for a guy singer, a Chris Cornell type. Really, "just another typical rock singer." But my vision calls for anything but. The rest of the band left after the audition, with a thanks for the audition, well call you sign-off. Michelle and I talked for a while, and when the topic switched to current music trends, Zero 7 came up. From there, we definitely found common ground. Further discussions led to me "lending" her Butterfly to be redone as an electronica number with her then friend/producer. I thought this would be a good side-project to do in the meantime. That was over 3 years ago. Gene Santos
