I came to know Jesus as a young teen unfortunately I allowed my hunger to be satisfied by the world. In so doing I began a downward spiral that lead to drugs, alcohol and incarceration. In the mist of this darkness I asked the Lord to take my life. He responded by killing the old me and resurrecting a new man. This new man is charged with the responsibility of serving the weak and weary masses a little 'Soul Food' filled with a little fruit of the spirit...love peace and joy." I pray this CD will add a few more calories to your ongoing spiritual health. Hi this is Daryl Morrison coming at you again with another CD. This time God has taken me to a new level. I have learned holiness through hardship. I am featuring 3 new artist on this CD. On my last CD a featured my daughter Nikeya and now on this CD Im featuring my son Kenneth Morrison. I am truly blessed to have children who are saved and have the gift of singing, and who have chosen to use their voices to glorify God. I continue to strive to fulfill my calling which is to leave a legacy of music that will continue to glorify God, and minister to all people long after my father has called me home. This is a soul stirring mix of contemporary gospel music that is thought provoking, heart soothing melodies that will make you cry, laugh, pray, praise, and worship, God at the very throne of grace. So please join me on this adventure to be Just a Finger that points the way to our Savior Jesus Christ.
