Delve into an alternative acoustic sound while grounded in folk rock roots you will pleasantly spun into a world of El's creation. 12 MP3 Songs FOLK: Folk Pop, ROCK: Acoustic Details: Karma had a huge hand in the making of this cd. I offered to sing back up for Nigel, Don offered to mix for Nigel, Nigel and I needed a duo demo and Don recorded us and charged us a hug, I offered to help to build his new studio The Rooster (insulation up my nose) and he made time in his packed schedule to help me create my 3rd cd Slidin. Then there was coffeehouse. Every musician performing on this cd I met by joining this community. Not only are these people some of the most talented musician I know, the friendship and warmth that is laced throughout this project can be hear loud and clear. I am most proud of Distant Sky (A Nigel Barnes co-write), which I wrote about my hometown. I wanted the prairie rain storm to shine through and everyone who participated in the production of this song worked hard to try and understand my odd musical instruction. You know when the rain has stopped and it is dripping from the eaves. That is how I want you to play piano. In the end I was understood and I am thankfully the universe placed such talented people in my path. Be good to people and something beautiful will be created every time. Ellen Carol
