Avant-poppy, jazzy, unsubtly funky chamber rock 14 MP3 Songs ELECTRONIC: Funk, JAZZ: Acid Jazz
Details: Music is always more important than biography, and what really matters is that great music gets made, not who makes it. We're about the sound, first and always, slathering texture onto depth, bumping backsides into seething and acoustics into meaning at risk-taking venues hopefully near you. Imagine drum n' bass, jazz, and rock in heat, a menage a trois of genres embodied through electronic and acoustic drums, bass, cello, vibraphone, trumpet, and female vocals. Imagine a sound so eclectic that no libido escapes its wake. If anything else sounded like FULL, we wouldn't bother. But nothing does, so join us in birthing a sonic novelty so limber that it's softer than silk and eats rock n' roll for breakfast. Listen...
