Our style is a rubbery accoustic rock/pop sound with plenty of personality. 10 MP3 Songs POP: 90's Pop, ROCK: 90's Rock Details: The Jason Colonies band was formed in January of 2001. They became "one of the hottest new outfits on the circuit" (Bob Gulla, The Providence Phoenix) and played many venues in Rhode Island in a few short months. After a few months they decided to go into the studio to record. They went in as a trio: Jason Colonies (Accoustic Guitar) Jeff Moffitt (Bass) and Felix Guiffra (Drums). After recording the main tracks Jason invited several lead guitar players in to finish up the project. The guitar players were: David Prout, Jeff Shea, Dale DeJoy and Clay Chipman. Clay became the official lead guitar player shortly there after. All the songs are written by Jason Colonies and recorded at Boo Studio's in Wakefield RI. David Prout was the engineer and gave Jason a few words of wisdom for the production of the CD.
