[DOWNLOAD HERE](#)

Rocky Folky Poppy Singer Songwriter from Austin, Texas with some country layered in the mix. 13 MP3 Songs FOLK: Folk Pop, ROCK: Acoustic Details: Kevin Slater is not what you have or haven't heard. Kevin's music is pure and honest, coming from his everyday toils with life, girls, and everything else a normal person encounters. However, don't let his age, babyface, and boyish good-looks fool you; he can hold his own as an artist. His well thought out and highly complex lyrics cover topics most people won't face until they are much older. Kevin records every song on his own, in his room, overlaying backup instruments and backup vocals demonstrating a musical understanding far beyond his years. Kevin recently recorded his debut at See Thru Sound in Austin, Texas with the help of Matt Smith and local musician Danny Malone. You might think you have his musical influences pinned, but keep listening and you'll find that Kevin, much like his music, is setting his own standard.
