With SLP, you can kiss any MySQL configs goodbye as SLP does not need one at all! User friendly interface It's simply impossible to get lost in this tested and tried system configured to get you set up fast and simple. No need to learn any web programming language. Not all scripts are created alike and we are proud to say that this is one of them that you will be using ever so more often. No Technical Experience Required!

"Wow! That's awesome! But Jahn, I am not really a techie person....and I don't really know database configuration... how can I use your software?" Remember we mentioned "Desktop Installer"? Just a few steps and your Splash Launch Pad is ready to serve you.. ...and we assume that most just hate the idea of configuring MySQL DB because it's way to technical....so Splash Launch Pad was built without any MySQL config to worry about! You can have Splash Launch Pad running in just two (2) simple steps. Upload through the built in FTP of the desktop installer CHMODD just a few files and it's done....no other hidden steps. How much easier can it be? Now you might be thinking that a much needed, excellent tool like this will cost an arm and a leg... If you had to hire a programmer to create this system for you, you could spend upwards of \$1200 to \$1500 dollars to have this put together... But, I'm not going to even come close to that price! But like all great things, the end product turns out to be so amazing that it can be applied to other tasks and other industries as well. And what we have right now is just the tip of the iceberg. Own this magnificent solution today and conquer new grounds with the power it'll give you!
