MAGIC 8 BALL Magic 8 Ball emulator with KILLER GRAPHICS I just had to make this to piss off slick willie. He fills up that site of his with so much stupid crap that has absolutely no use. So I spent 30 seconds whipping this up. The main difference is my version kicks ass and has excellent graphics whereas his version sucks. Just another example of why giving those morons your hard earned money is a waste because we have the same stuff only better and cheaper! With this exception we also dont fill up our site with 100 scripts that have absolutely no use! Enjoy!
