Angel's "El Poeta" is a firm combination of rap,rhythm, and blues,creative lyricism and unruffled R&B title traces that will feed the appetite of anyone thirsty for 'Adult Contemporary Rap". 11 MP3 Songs HIP HOP/RAP: West Coast Rap, HIP HOP/RAP: Rap El Poeta Songs Details: Angel Aaron DeVon Tucker was born on January 21 in Toledo Ohio where he was raised. He started honing his lyric and rap skills at an early age. In the 90's he began recording his lyrics with fellow group members and friends,"The Unusual Suspects". In 1997, Angel and his group were asked to submit a track to a Columbus Ohio based record company called, "Columbus Mob Records",ran by Owen Ratliff. The track titled,"The Plot" was then added to the compilation CD titled,"Midwest Funk Vol.2" which charted at #67 on Billboard's top 200 in 1998. It was during the production of the "Midwest" project,that Angel and his group met producer, David Winfree, who was working with another artist on that same CD project. Angel and the "Suspects" worked with Winfree on a few traces while promoting "Midwest". It was then that Winfree let it be known that Angel's extraordinary talent did not go un-noticed. From that point, Winfree began working with Angel as a solo artist. "El Poeta" is Angel's debut CD. Under the direction and production skills of Winfree, and Nate Dusseau, Angel delivers a solid effort. With lyrics that are unruffled,sultry,crafty,ingenious and melted over tight R&B title music traces, this CD is captivating. Angel allows you to join him on a journey through his mind's reality. He pours his heart and soul into every track, making you feel his emotion throughout this 11 track CD(there are 10 listed traces,and 1 'ghost' track titled,"One"). Angel describes this CD as, what he likes to call,"Adult Contemporary Rap". Angel is an entertaining artist who has a lot of good things in store for his fans along with his new musical family (Winfree,Catfish,and Ladi). He is also featured on a new jingle for a soft drink commercial. Can you guess which one? Well, just check out "El Poeta" for now, but keep your ears open for the jingle. It's coming soon. -Darowin- (3-12 05) Hey
