Oldies meet contemporary pop ballads. 19 MP3 Songs POP: 60's Pop, EASY LISTENING: Love Songs
Details: This was my second collection of songs after LATE NITE COMIC. Although I did not actually sing on it, I did produce and arrange the album with Jeff Olmsted. The immensely talented vocalists are Janet Kirker, Michael McAssey, Angela Warren and the late Larry Victor. A lot of the songs got covered by other artists such as the original Tokens and Lesley Gore. Tammy Quinn shows her wonderful vocal style on the last track. I am still very proud of this album.
