The bard (Dylan Owen) earned his apprenticeship by playing in many low life, dodgy bands and continues to be small fry in a vast ocean of talent. Nevertheless in the small rock pool there is no bigger oyster. The cd 'Bard of Oswaldtwistle' is a collection of well crafted songs showing a mastery of lyrics and melodies that allow the listener to laugh and then shed a tear. The songs are underpinned by fine picking styles with smart vocals and demanding harmonies. The album presents a rich landscape of material ranging from the Sharpesque chaos;of The SAGA Club King, Learning from Experience and Jargon Man through to the tragic and poignant verse of Fallen of the Day,Whinney Hill and Face the Issue.
