He trained in classical piano for two years at the age of 13 with Maine virtuoso, Sybil Gleason and soon moved beyond even what she could teach him. Jerry has a natural ear for music and soon began improvising on the classics all by himself and found he could play any song he knew and well. He started writing his own music at age 17 and hasn't stopped since. He furthered his musical studies at Liberty University in Lynchburg, VA, majoring in voice and piano. Since then, he has performed in many venues in his home state of Maine as well as various other locations in Virginia, New Hampshire, and California. He currently resides in Easton, PA and has recorded 4 CD's: "It's Just Love", "Secret Rhythm" "Merry Christmas from Jerry Allen", and most recently "Beyond The Horizon" with Rosa Petite Productions/Gevania Records (also available at CDbaby). The 2004 release of "Merry Christmas from Jerry Allen" features a brand new original track written by Jerry Allen and Texan artist, Karen Davis. If you bought this CD last year, then you are going to want to buy the revised version. Don't forget that Christmas CD's make GREAT gifts! More about Jerry: With eyes the color of the morning sky and a dashing smile, Jerry's unique vocal styling and song writing easily captures the eye, ears, and hearts of all who listen. Jerry is an active collaborator/member of WriteSongs4You and Rosa Petite Productions and has been working on many musical projects with the latter, including the much appraised musicals, "The Little Italian Girl" and "Rainbow Journey". Jerry is eager to explore the opportunities that have recently opened up to him. His goals are to continue to write

and perform the music that he loves. He hopes to one day be able to license some of his songs to a major artist. Perhaps one day he will reach those dreams.... Stay tuned for great things to come!
