A mysterious and lustful garden where the good live with the evil and where the real mix it up with the unreal 13 MP3 Songs NEW AGE: New Age, NEW AGE: Contemporary Instrumental Details: Originally THE GARDEN (of Good and Evil) was the 3rd album composed in 2000 by Salva Moreno (the man behind PSICODREAMICS). Recently it has been re-mastered to get the superb sound quality that music fans demand. THE GARDEN (of Good and Evil) gets its inspiration in a mysterious and lustful garden where the good live with the evil and where the real mix it up with the unreal. With a special skill and delicate sense, the artist carries out a personal approach to the concepts of good and evil within the tracks of this collection of emotional pretty music. This work goes beyond new age and ambient, we also could say it is even a symphonic album. Also, Psicodreamics has mixed different styles into new music, experimenting with trance and drum&bass genres in Lycanthrope 2000 and Transylvanic tracks, indeed. Using electronic devices like midi keyboards and computers, he plays impressive pianos, ethereal strings, haunting choral voices, sampled ancient Gregorian chants and synthetic effects in an effort to convey the themes of his music. Don't forget to listen the tracks Transylvanic (featuring Maria Jose Molina on the lead voice), "Loneliness and Sadness Waltz" and "Yvonnita" and come into the world of Psicodreamics emotional tunes feeling the innocence, the joy, the desolation and the hope. More details in my website: psicodreamics.com AWARDS: HONORABLE MENTION ON WIND AND WIRE BEST RECORDINGS 2004 "Salva Moreno (Psicodreamics) evolved his neo-classical/new age EM music to a still higher level on his latest CD which once again belied his fondness for concept albums" Bill Binkelman. REVIEWS: "The music turns out to be dreamy, oniric, at times soft, at times lively, with some melancholy touches, with warm textures and crepuscular colors, always bringing to the mind of the listener the vision of magic universes. A general trait of the album is the fact that the music happens to be very intense, vital, as if reflecting strong emotions" Hector Jordan (Amazing Sounds e-zine)
