Quirky dance and hi-nrg anthems, choc full of phat beats and rockin melodies. Guaranteed to get the party pumpin. 15 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Trance Details: Ecclecticism includes 13 all original trax of hi-NRG dance and experimental electronica as well as remixes of Emerson's 'Under the Stars' and 'Raindrops'. Track Breakdown: Apollo - Haunting, minimalist trance, taking you to the furthest reaches of space. Suck This! - A cheeky, sexy, hard-house stomper featuring a ho holds barred breakdown and crazy hoover buildup. Reaction - Heart-stopping, hard hitting, power trance. Dusk - A haunting, epic trance tale from the middle-east. Milk n Cookies - A fun, playful little eurodance track with an equally cute finale. It's Majik - Ultra heavy hard trance. They don't come much more badass. Hunny - A funky jungle trip with solid beats and bubbly melodies. Nautica - Refined trance with hard beats and a killer piano breakdown. Under the Stars (Raven Rmx) - Happy-hard remix of a little known Emerson track with uplifting breaks and a surprise finish. Check him out at ampcast.com/tobyemerson The Exodus - Lush blend of exotic melodies and punchy beats. Spoolin - Hi-nrg floor filla dedicated to the local boy racer scene. Yamakasi - Crazy roller coaster of kamakazee beats and jigsaw melodies. Dawk 2k - The original new years anthem. Old skool beats with nu school styling. Tranceformer Pt.1 - First installment of the three-part super-trance masterpiece. Raindrops - Powerhouse remix of the Toby Emerson classic. LOOK OUT FOR THESE UPCOMING RELEASES: 'Attack!' - My 2nd full-length album featuring my patent brand of slammin dance, infused with metal and symphonic rock. For those who like things with a bit of bite. (Due Mid 2004) 'On Ice' - An icy cold mix of chill-out bliss for the ultimate in relaxation. Includes chilled remixes of previous hits. (Due Late 2004) A special thanku to everyone who has supported me these last three years. Your reviews and kind words are always welcome.
