

## Mp3 Richard Woods - Caterpillar Moon

emotional tunes recorded mainly on 4-track... 14 MP3 Songs POP: Folky Pop, POP: Quirky Details: this is a compilation of songs, recordings, made over a few years from my dim and distant past. some were recorded in my bedroom at my brother pete's house, a couple (empty and angel swings) in his back garden. others with friends at their places. the criteria for choosing these songs was that my brother liked them and they reminded me of my time living with him. without wishing to sound morbid; when pete died i decided to use some of the money he left me to make this cd. most of the copies are still in my hall cupboard, ten years later. the recordings are quite primitive, some have pretty dodgy vocals etc...but i'm proud of them and i think there are some moments worth sharing on here. thank you for taking an interest c", richard.
