Related styles: NEW AGE: Solo Instrumental, POP: Piano People who are interested in George Winston Tom Grant Erik Satie should consider this download. Details: Therese is an Oregon native who started playing piano when she was six. Generally self-taught, she grew up with the opportunity to challenge herself, with stacks of music books just waiting for attention. It was at a small private high school where Therese put her piano skills to the test - she became the school's accompanist, as a freshman. This extraordinary experience eventually led her to a BS in Music Education from Duquesne University, Pittsburgh, PA. Her post-grad music opportunities were minimal, but her composing, recording and playing engagements continued, nonetheless. It's compositions from that era that have become standards that she plays currently. Therese is a regular for Port of Portlands music program, entertaining travelers on layover at PDX. She plays keyboards for a local jazz band, "East Winds" and performs regularly at venues in the Portland metro area. Testimonials "Therese Michaud is one of the most talented and delightful pianists I have ever had the pleasure of meeting. Every note played by Therese is executed carefully and deliberately, creating some of the most mesmerizing and entertaining music ever composed. Whether in person or on CD, Therese's music stimulates the senses, allowing you to relive some of your most vivid memories. If ever you find yourself at one of Therese's performance, prepare yourself to be entertained and to be touched by the beauty of her contributions to the musical world." Michael Ashton - ASOT Program/Artistic Director PHAME Academy
