The best of Intergalactic Bump Music. 17 MP3 Songs ELECTRONIC: Dance, HIP HOP/RAP: Alternative Hip Hop Details: The ultimate collection of Trap Door Intergalactic All Out Fockin' Blitz Rock Music. In 1987 Pops Seriano gathered a small group of family and confidants, the purpose was to create an intelligent band based around a dedicated dance groove. The result was the Intergalactic Bump sensation, Trap Door. Here is a collection of songs hand picked by group leader, Wiggly. It features songs created by nine versions of Trap Door including a prerelease from Trap Door G and a special remix of Song of Luv. This album was compiled by Wiggly to share the talents of Trap Door with his family, YOU, our extended family. This album was created without the idea of remuneration in mind! For the first time, delusions of grander and fame were left behind and pride in our creation and a want to share were the only motivating factors. Trap Door has always been about doing the original thing instead of the money thing but now the philosophy has reached it's zenith. Enjoy!
