Supporters will hail this New Age self-help book on the law of attraction as a groundbreaking and life-changing work, finding validation in its thesis that one's positive thoughts are powerful magnets that attract wealth, health, happiness... and did we mention wealth? Detractors will be appalled by this as well as when the book argues that fleeting negative thoughts are powerful enough to create terminal illness, poverty and even widespread disasters. The audio version of this controversial book, read by Byrne and contributing authors such as John Gray and Neale Donald Walsch, is uneven at best. The cheesy, obvious sound effects will not do much to add intellectual respectability to a work that has been widely denounced as pseudoscience. Mostly, this audio is hampered by its confusing and disjointed organization techniques that worked reasonably well in the print version and the movie, such as cutting every few seconds from one enthusiastic expert to another, make for a choppy and somewhat bewildering listening experience. The gentle cadences of Rhonda Byrne's breathy, Aussie-infused voice are certainly the best part of the audio, but her material is scarce and provides mostly connective tissue between the testimonials. Copyright Reed Business Information, a division of Reed Elsevier Inc. From the Publisher The Secret is truly the most outstanding book to date that we have published. I am so

pleased that Rhonda Byrne was able to bring together this life-changing information so masterfully. She first did it for the movie of the same name that she produced, which has been a phenomenon in its own right. She then added, in only ones month's time, incredible additional content to the transcript of the film that brings even more clarity to the reader. This is absolutely a book that people from all walks of life can read and then "get" the concept of The Secret. It allows them to then take it and apply it to their lives. Children, teenagers and adults of all ages are reporting miraculous stories of positive changes as a result. Rhonda Byrne is dedicated to maintaining the integrity of The Secret and to making sure that now, finally, the whole world knows about The Secret. You will want to share this with your friends and family and they will be grateful for it. This book gives hope for what many have been waiting for-- a shift in the way the world thinks. Its a very exciting time that we are living in, and I as well as everyone at Beyond Words and Atria Books are grateful to be a part of it. --Cynthia Black, President, Beyond Words Publishing Publisher: Atria Books/Beyond Words; First Edition edition (November 28, 2006) Language: English ISBN-10: 1582701709 ISBN-13: 978-1582701707
