

## Zeptopad-v1.6 For Iphone

[DOWNLOAD HERE](#)

ZeptoPad changes as you add your ideas: sketch; mindmap; design; planning; and so on. You can scribble on the iPhone screen and also type text from the virtual keypad. When you need extra space, just pinch the screen and the workspace will extend. You can drag and move text or picture elements at any time, cut, paste, and resize. When creating graffiti, you can send it by email as an image file to your friends. Shake & Share is a special feature of ZeptoPad. When you meet other users of ZeptoPad, you can send a worksheet to another iPhone directly. Press Shake & Share from the menu then shake with another iPhone. ZeptoPad - the only limit is your imagination! Tags: sketch
