Present-day gospel a cappella music, motley with a tint of sway pop, and R&B. 12 MP3 Songs GOSPEL: Present-day Gospel, GOSPEL: Traditional Gospel Heaven and Earth Songs Details: Acappella is back with a new album for a new generation. This is definitely not your daddy's Acappella... but he'll love it too! Heaven and Earth is upcoming at you with a fresh sound and a great groove. But more than that, the message of Jesus Christ is loud and clear. Stylistically, this album draws from the roots of its singers and leans to the R&B side with soulful melodies and great vocal percussion. Gary adds some heart stopping bass to the mix. Listen for yourself. You won't be disappointed. Although Acappella has sold masses of CD's all over the world, Heaven and Earth showcases the group's youth and ability as never before. From the hard driving "War With Myself" to the urban edginess of "One Ragged Angel" to the beautiful and passionate "Glory and Honor," this CD vividly contrasts the bleakness of earth with the wonder of heaven. Other songs include: "Emergency" - a great message with a decidedly Latin rhythm "Take Me There" - homesickness for heaven, as contemporary as tomorrow "They Are the Roses" - a poignant reflection on the sweetness of our children "Give Me Jesus" - a velvety smooth rendition of this simple, powerful song and more.
