Mutated Industrial Goregrind meets Melodic Drone for psychotic yet beautiful minds. 10 MP3 Songs in this album (77:57) ! Related styles: ELECTRONIC: Industrial, METAL/PUNK: Dark Ambient/Noise People who are interested in Aphex Twin Godflesh Carcass should consider this download. Details: Eroguro is a Japanese art form that combines eroticism and gore. Essentially, it's the ugly and the beautiful. I try to mix harsh noise (the "ugly") and melody (the "beautiful") in this project, so it's the sonic equivalent of "Eroguro".
