With screaming synthesizer, thumping beats, and raw pop melodies, THE SCIENCE OF SADNESS is an intoxicating album. Blending pop, folk, electronica, and new wave, its 10 tracks keep your head bobbin' and your feet tappin'. 10 MP3 Songs POP: Synth Pop, POP: New Wave Details: With screaming synthesizer, thumping beats, and raw pop melodies, THE SCIENCE OF SADNESS is an intoxicating album. Blending pop, folk, electronica, and new wave, its 10 tracks keep your head bobbin' and your feet tappin'. While dealing with mature subject matter like depression, cheating, sex, and drug use, the songs still find a way to keep you singing and dancing along. The perfect album to blast at a party, groove to at a club, or simply pop in and enjoy alone. STREAM THE SONGS IN HIFI!! OR STREAM FROM HERE: garageband.com/artist/simonparks/cds
