

Mp3 Tiff Jimber - Obstacles

[DOWNLOAD HERE](#)

Aggressive piano Pop-Rock. Vanessa Carlton meets Ben Folds. Relatable, engaging, and scrumptulescent. Tired of hearing the same 5 songs over and over again on the radio? Listen to this. 10 MP3 Songs FOLK: Folk Pop, POP: Piano Details: Tiff holds nothing back when she plays, producing unique pop-rock music. She smashes out rhythms and dances on lyrics. Tiff is an artist who is truly dedicated to her craft. Her music can be described as Vanessa Carlton meets Ben Folds. Her influences include Billy Joel, Tori Amos, John Mayer, and Fiona Apple. Listeners consistently compare her style of music to that of Laura Nero. Tiff's new album, Obstacles, released in October 2004 on Cormac Records, is Tiff's second solo album. Obstacles is a collection of intricate piano pop songs. The journey listeners embark upon when they listen to this cd is nothing but smooth- like butta. . Before graduating from high school Tiff released her first self-produced album of original songs, Never Takes Too Much. At the age of seventeen, it was clear that the passion ran deep for this gifted artist. Upon completion of high school Tiff was accepted to the prestigious Berklee College of Music where she was rewarded a scholarship. She was able to hone her production skills and songwriting talents by writing in many genres including country, classical, rock, pop, jingles, commercials, and movies. After graduating with a dual degree in Songwriting and Music Production/Engineering in 2003, Tiff moved to Los Angeles. Since moving to Los Angeles Tiff has engineered and assisted on many projects and played in several bands. She worked at the world famous Whisky A Go Go; Conway Studios; and 5.1 Surround Sound where she was a sound engineer and assistant to Phil Collins; Blink 182; Foo Fighters; Queensrche and many others. She also sang on vocal tracks for the new Robert De Niro movie, "Hide and Seek." After playing in bands such as "The Glam Band" and "Jerra", she is now venturing out to peruse her own music. Tiff currently freelance engineers and is touring to promote her new album Obstacles in southern California.
