Classical Music-Guitar Works-Original Acoustic Guitar Compositions 13 MP3 Songs CLASSICAL: Contemporary, WORLD: Western European Details: Tino Rozzo-Author, Poet, and Composer has now released his CD Dreaming Swan. This Acoustic Guitar work is a original Composition of Raw Recorded Guitar Music with the bravado for effect, mood, and style. I wanted this Recording to sound raw. Like a 1920s wax 78. I played to perfection, yet I kept the tapping and swishing and microphone beats. My abstract concept would be that this would be a old time romantic CD, and yet keep up with the abstract sense of recording. Like Frank Zappas Sleep Dirt and Baden Powells Romance. You really cannot beat this CD. What an Adventure from Erik The Cat Records! You do not get this type of creativity and meshed abstract. Nothing has been so adventurous since the 1960s. Tino Rozzo is a true Renaissance man. You cannot due with out this CD!
