Some much deeper house tracks. Perfect for your next lounge party or the soundtrack while your on the way to the club. 7 MP3 Songs ELECTRONIC: House, ELECTRONIC: Dance Details: The 'Take Me Higher EP' showcases a slightly warmer side of composer/producer Vonmodik. Lots of rich, sexy female vocals, guitars and r&b vibes perfect to lounge out to. "If you want stylish, sophisticated urban atmosphere, Vonmodik's music is in a word, compulsory. To me, his music sounds sleek, soulful and intelligent. The textures in this recording are deep and undulating like the ocean, the rhythms and sense of time cook steadily led by lush, wet female vocal samples occasionally placed in a somewhat odd late pattern (behind the beat) for angularity. Talented, cool artist." quoted from last.fm
