With Your New ebaY Info Store - YOU Could Be The One Showing Them How And Be Making Sizzling Profits At The Same Time .... Dear Friend, Have you ever heard the expression.. The Best Way to Make Money in a Gold Rush is to Sell the Shovels ! Ha-Ha - Well its certainly one of my favourites, and importantly its one that you should keep in mind if youre running an online business. Back in the days of the California Gold Rush fortunes were made - yes, occasionally the

odd miner would strike it rich and find a nugget of gold the size of his hand but the only people who made consistent and almost guaranteed money during those days were the merchants who sold the miners tools and food! So why mention the above? Well the same principle applies to the current Online Auction Gold Rush. Everywhere you go someone will tell you about someone they know making a fortune on ebay. And this wonderful site hasnt earned its place as one of the most visited spots on the web for nothing - there are tens of thousands of people getting into the auction biz each and everyday and they are all looking to strike gold Sell the shovels and get rich! Okay were not talking actual shovels here :) . . . . were talking information, advice, tips and training that hundreds of thousands of people are desperately looking for each and every day ... they want answers, strategies, advice and info on how to do it.
