Her Shocking Past. . . Raised as the youngest daughter of the Duke of Kendal, Elizabeth learns a devastating truth on his deathbed: he wasn't her father at all. And because the Duke had no sons, his title and fortune must go to his only male heir: a distant cousin who left England for America long ago. Anticipating the man's imminent occupation of her home, Elizabeth anxiously searches for her mother's diary, and the secret of her paternity. . . Her Unexpected Future. . . Arriving in London with his seven siblings, William Atherton intends to sell everything and return to his beloved Virginia farm, and his fiancée, as quickly as possible. But as Elizabeth shows William an England he never knew, and graciously introduces his siblings to London society, it becomes clear the two are meant for each other. Soon, Elizabeth finds herself determined to seduce the man who can save not only her family name but her heart. . .
