

Sound Design Whippy Swooshes/wooshes (sfx Wav Sound Effect)

[DOWNLOAD HERE](#)

These are a great collection of whippy whooshes and swooshes for use in sound design. Whether it's a cartoon character spinning on the spot, a ninja's hand movements or a sword being swirled, the uses of these are endless. A must have for all SFX libraries! All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
