

# Hegel On Ethics And Politics

[DOWNLOAD HERE](#)

Brings together in translation the finest post-war German language scholarship on Hegel's social and political philosophy. This series makes available in English some important work by German philosophers on major figures in the German philosophical tradition. The volumes will provide critical perspectives on philosophers of great significance to the Anglo-American philosophical community, perspectives that have been largely ignored except by a handful of writers on German philosophy. The dissemination of this work will be of enormous value to Anglophone students and scholars of the history of German philosophy. This collection brings together in translation the finest post-war German language scholarship on Hegel's social and political philosophy, concentrating on the Elements of the Philosophy of Right. Many of the essays appear in English here for the first time, all are translated anew. EAN/ISBN : 9780511189104  
Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Pippin, Robert B. - Hoffe, Otfried - Walker, Nicholas
