

## Mp3 Dw. Dunphy - Symphonica Transistori

[DOWNLOAD HERE](#)

The first in a series of instrumental recordings, Symphonica Transistori is melodic and ambient at the same time. 13 MP3 Songs in this album (31:55) ! Related styles: ELECTRONIC: Experimental, AVANT GARDE: Electronic Avant-Garde People who are interested in Vangelis Angelo Badalamenti Patrick O'Hearn should consider this download. Details: The Dw. Dunphy working method: write an instrumental alongside every regular song. When the time came to compile 2009's Enigmatic, he stripped out all but two of those instrumentals and found, in among the work, a complete musical idea. Sharing musical kinship with Angelo Badalamenti, Kitaro and Vangelis, Symphonica Transistori is the completion of that musical idea.
