

Mp3 Electroconductor - About Time

[DOWNLOAD HERE](#)

Melodic electronica and break beat with an orchestral edge. 10 MP3 Songs ELECTRONIC: Breakbeat/Breaks, ELECTRONIC: Down Tempo Details: Electroconductor is composer producer Arlo Giunchi from the UK. Combining his interest in technology and the piano he has set out to show that electronic music has a human side. Not afraid to take on ideas from contrasting styles, fusing them into a cohesive whole, Electroconductor avoids cliched and tired formulas. With a sound somewhere between Moby and Aphex Twin, Electroconductor weaves his own brand of orchestral breakbeat and synth driven melodica, not held back by trends and fashion. With the release of his debut album 'About Time' Electroconductor begins his career on a playful and infectious high. It is 'About Time' you hear Electroconductor.
